“Learning together; to be the best we can be”

## 1. Context

- 1.1 Hilltop School has an agreed admission number of 103 pupils/students and will admit pupil who has been formally assessed as having a severe or complex learning difficulty and where the school is named in their Education Health and Care Plan (EHCP). The age range of pupils is 2 – 19 years, with places available as follows (please note these numbers are indicative, and actual students may increase slightly as the academic year progresses):

Key stage	Numbers agreed with Local Authority	Actual number of pupils September 2021
EYFS (2-3yrs)	0	2
Reception (3-4yrs)	5	10
KS1 (5 -7yrs)	11	23
KS2 (7-11yrs)	40	49
KS3 (11-14yrs)	23	24
KS4 (14 -16 yrs)	5	7
KS5 (post 16)	19	19
Total	103	134

- 1.2 Prior to naming the school in the EHCP, the Local Authority will have fully consulted with the school in line with its statutory obligations.
- 1.3 The school will provide the Local Authority with the school profile, outlining the needs for pupils they are best positioned to meet and details about the organisation of the school and curriculum offered.

## 2. Admission criteria and arrangements

- 2.1 Places will usually be taken up at the start of the school year, though by agreement with the Headteacher, places can be accessed at any time of the year. Admissions are generally only agreed if an EHCP has been completed and the needs of the child have been clearly defined in line with the school's designation. Usually the school will visit the student in their present setting and at home before offering a placement.

- 2.2 In exceptional circumstances, and in line with the Special Educational Needs Code of Practice (2015), the school may consider assessment placements in order to support a Statutory Assessment.
- 2.3 Consideration will always need to be given to the numbers in, and profile of each year group.

### 3. Referral routes

- 3.1 Parents who wish to consider a place at the school for their child should contact their Local Authority SEND Assessment Team for guidance on relevant procedures.
- 3.2 All EHC plans should incorporate clear and accurate description of needs together with appropriate funding to meet those needs. However, when this does not occur the school will negotiate, with the commissioning Local Authority, for the appropriate level of bespoke funding for the placement to be viable and sustainable. A formal review of the EHCP will be requested if needed.

### 4. Admission eligibility criteria

- 4.1 The school is suitable for the child's age, ability, aptitude, disability and assessed special educational needs.
- 4.2 The child has an EHCP indicating severe, or profound and multiple, learning difficulties as a primary special educational need,
- 4.3 Parents and/or the child have expressed a preference for the school or in cases of dispute, the local authority has agreed with the school to name it in the EHCP.
- 4.4 The child's placement in the school is compatible with the efficient education of others and the efficient use of resources.
- 4.5 The placement is funded in line with the assessed needs of the child's educational, behavioural (including any additional supervisory requirements), medical and care needs and is relative to the cost to the school for delivering a support package which enables at least good provision to be in place.

- 4.6 The appropriateness of the resource required for children with extremely challenging behaviour or very complex medical needs have been considered alongside the needs of the existing year group and within the overall context for the school.

## 5. Admissions criteria/priorities for when placements are limited

- 5.1 The placement allows for efficient use of school resources;
- 5.2 Severity of need for a placement in a severe learning difficulties setting;
- 5.3 An EHCP is in place which fully assesses the child and quantifies required provision.

## 6. Appeal arrangements

- 6.1 The SEND Code of Practice entitles parents to appeal to the SEN and Disability Tribunal if their home LA refuses to name their school of choice in the EHCP or the named school refuses to offer a place.
- 6.2 Hilltop School, as part of Nexus Multi Academy Trust, will always ensure that parents and the commissioning Local Authority are kept informed when the school is considering refusing an admission. The school will be clear with both parents and the Local Authority about the reasons underpinning a potential refusal which, by law, must relate directly to the suitability of the placement for the age, ability, aptitude or SEN of the child or young person, or to concerns that the placement would be incompatible with the efficient education of others, or the efficient use of resources.
- 6.3 Where a parent is unhappy that the school is considering refusing admission, the school, Trust and Local Authority will consider any reasonable steps that could be taken to address identified concerns before a final decision is made. Parents must be informed that if they wish to appeal, the grounds for an appeal must be set out in writing.

## 7. Funding of places

- 7.1 Local Authorities commission and fund places for pupils at the school based upon identified needs established through a Multi-Agency Statutory Assessment that are costed and recorded in an EHCP.
- 7.2 The Education and Skills Funding Agency provides some core funding for an agreed number of planned places but it is the commissioning Local Authorities that are responsible for ensuring that funding is appropriately matched to needs identified in EHCPs.
